Message from Management

Following the significant growth achieved in 2021, Management is focused on strengthening corporate systems to ensure effective management of the portfolio. The portfolio effectively doubled during 2021 and Management is pleased to have expanded our core markets to the Okanagan and Victoria. Our entrance into both markets was well timed given the recent movement in interest rates. Our portfolio is made up of centrally-located properties in six sought after B.C. communities, broadening our access to acquisition opportunities and diversifying our portfolio.

In concert with our 2021 acquisition strategy, Management pursued an aggressive financing strategy that included accelerating select 2022 mortgages to take advantage of interest rates, economies of scale, and to generate some additional capital to redeploy into the acquisition pipeline. As of May 1, 2022, 9.9% of our mortgage debt is due for renewal or to be paid off by the end of Q3 2022, 20.8% of our mortgage debt is due for renewal by November/December 2026, and 69.3% of our mortgage debt is due for renewal between the years of 2028 and 2032. AIE REIT is well positioned to successfully manage the uncertain interest rate market.

Management continues to believe in the fundamentals of investing in our core markets and will continue to grow the portfolio in an accretive manner. Management is taking a more conservative approach in the short-term, considering the recent movement in interest rates. While our acquisition pipeline is still robust with value-add opportunities, we believe that capitalization rates will soon stabilize and possibly increase in the medium-term. Although such movements could adversely affect property values, they present an opportunity to increase yields for those buyers who know their markets well. If you are aware of a larger real estate acquisition opportunity in the Vancouver Island or Okanagan regions – let us know.

Portfolio Overview - March 31, 2022

- Residential vacancy was approximately 1.7% for the last three months (60% of vacant suites were due to vacant suites held over from the Okanagan and Victoria acquisitions in late 2021 and the remaining 40% of vacant suites were due to vacant suites held for a month to complete renovations).
- Commercial vacancy was at 11.4% as of March 31, 2022.

Capital Update

- Accelerating a refinancing reduced the interest rate on the loan by an estimated 0.75%.
- Unfortunately, rates have increased substantially and 5 year CMHC financing is currently at around 3.80%, while conventional financings is just above 4.80%
- Instead of refinancing some assets maturing in June, they will be moved to the line of credit, increasing it from \$8 million to \$12 million.

Unitholder Distributions

- A quarterly distribution of 11.94 cents per Unit was made in April.
- The next quarterly distribution is expected to be made in July, for unitholders on record on June 30, 2022.
